Following the huge success of Samana Greens, we then launched another of our magnificent projects Samana Hills in March 2019.

Samana Hills recorded ground-breaking construction progress and was successfully handed over in June 2022.

The radical success gained by our diligent team has encouraged and paved way for many other holistic real estate projects. And we are sure of continuing our success spree with more phenomenal projects.

Our commitment and passion for delivering projects with utmost transparency within set timelines have made us earn international recognition and various prestigious awards. It remains our objective to design residential properties that signify luxury with affordability.

Even during the COVID-19 pandemic, we continued our work with the same amount of diligence. And in the future too, we strive to maintain this perseverance while designing projects that redefine luxury living.
